

Do not equate Plant and Factory

Start with one factory with
capacity to produce 30K units

30K

30K

30K

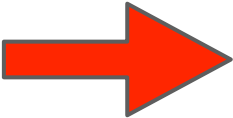

**Plant
size 1 =
30K**

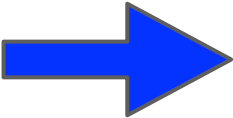

**Plant size
2: 120K**

Buildsay3 more factories

Size 1

Size 2

Do not equate **Plant** and **Factory**

Build say 3 more factories

➡ **Size 2**

The Concept of Plant **Size**
