

Which salary offer is better?

Columbia

\$500,000 Colombian Pesos

Brazil

\$650 Brazilian Reals

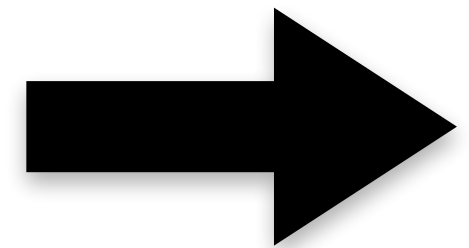

Rent is  
\$250,000

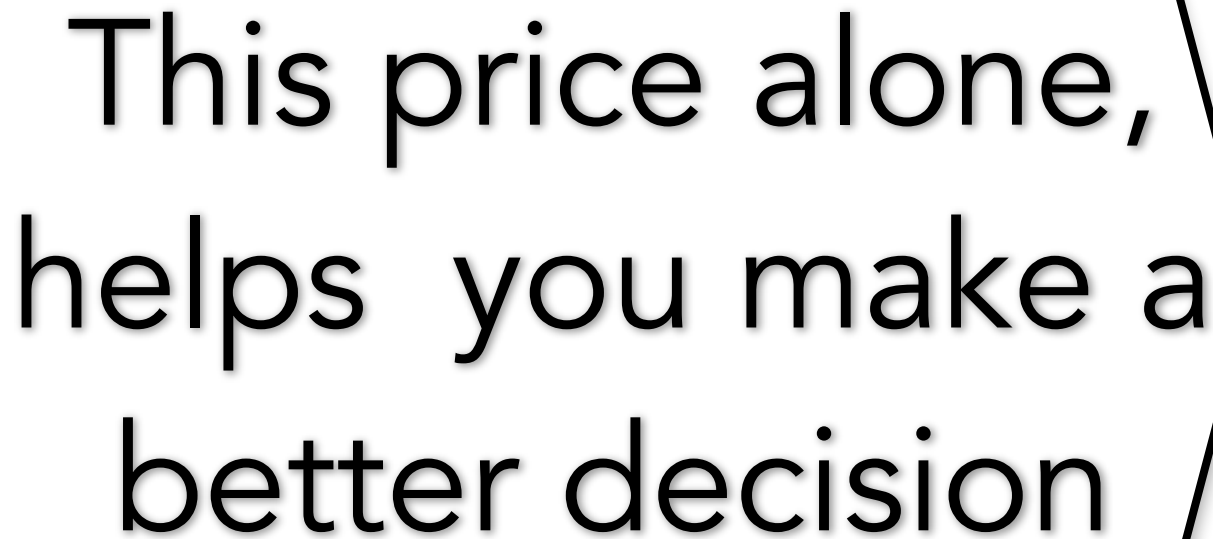

Rent is  
\$100

To decide which salary is better, you need to know  
how much you **can buy** with that salary

A large, stylized arrow pointing to the right, outlined in black. The arrow has a wide tail on the left and tapers to a point on the right. Inside the arrow, the text "This price alone, helps you make a better decision" is written in a black, sans-serif font, centered horizontally and vertically.

This price alone,  
helps you make a  
better decision

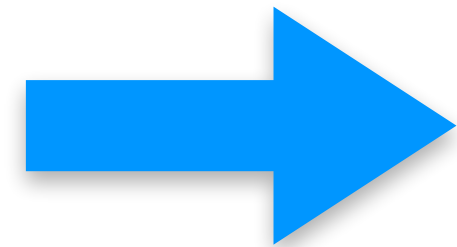

With **more** information about **prices** in each country  
you can make an even better choice

Food is  
\$50,000

food is  
\$200

Some things are more expensive, others are  
cheaper...

You need **ONE** number  
that **represents** **all** prices  
of goods and services you  
will need to buy
