

Because these goods and services were not **paid for** during the pandemic that production was not added as GDP

Before the Pandemic Claudia:

Ate all her meals out

Paid a gardener

Paid to have her hair done

Paid a house cleaning service

Paid to have her dogs walked

Paid to have her bike serviced

Paid to have her dogs groomed

Paid for Bikram Yoga classes

During the "stay home order":

She cooked all my meals

She cut the grass

She cut and color her hair

She cleaned her house

She walked her dogs

She fixed her own bicycle

She groomed her dogs

She did yoga in her patio
