

Unemployment is never zero...

Because there are always workers who have
the skills the economy needs but they **have not**
found a job yet

Frictional Unemployment

We call this

The **cause** of this type of unemployment is a
temporary **mismatch** between jobs and
workers

This is the best kind of unemployment
because it only lasts for a few weeks...

Unemployment is never Zero...

Because there are always workers who have the skills the economy needs but they **have not found a job yet**

We call this

Frictional Unemployment

The **cause** of this type of unemployment is a temporary **mismatch** between jobs and workers
