

# 1. Discouraged Worker Effect

A discouraged worker is someone who after searching for too long, gives up looking for a job

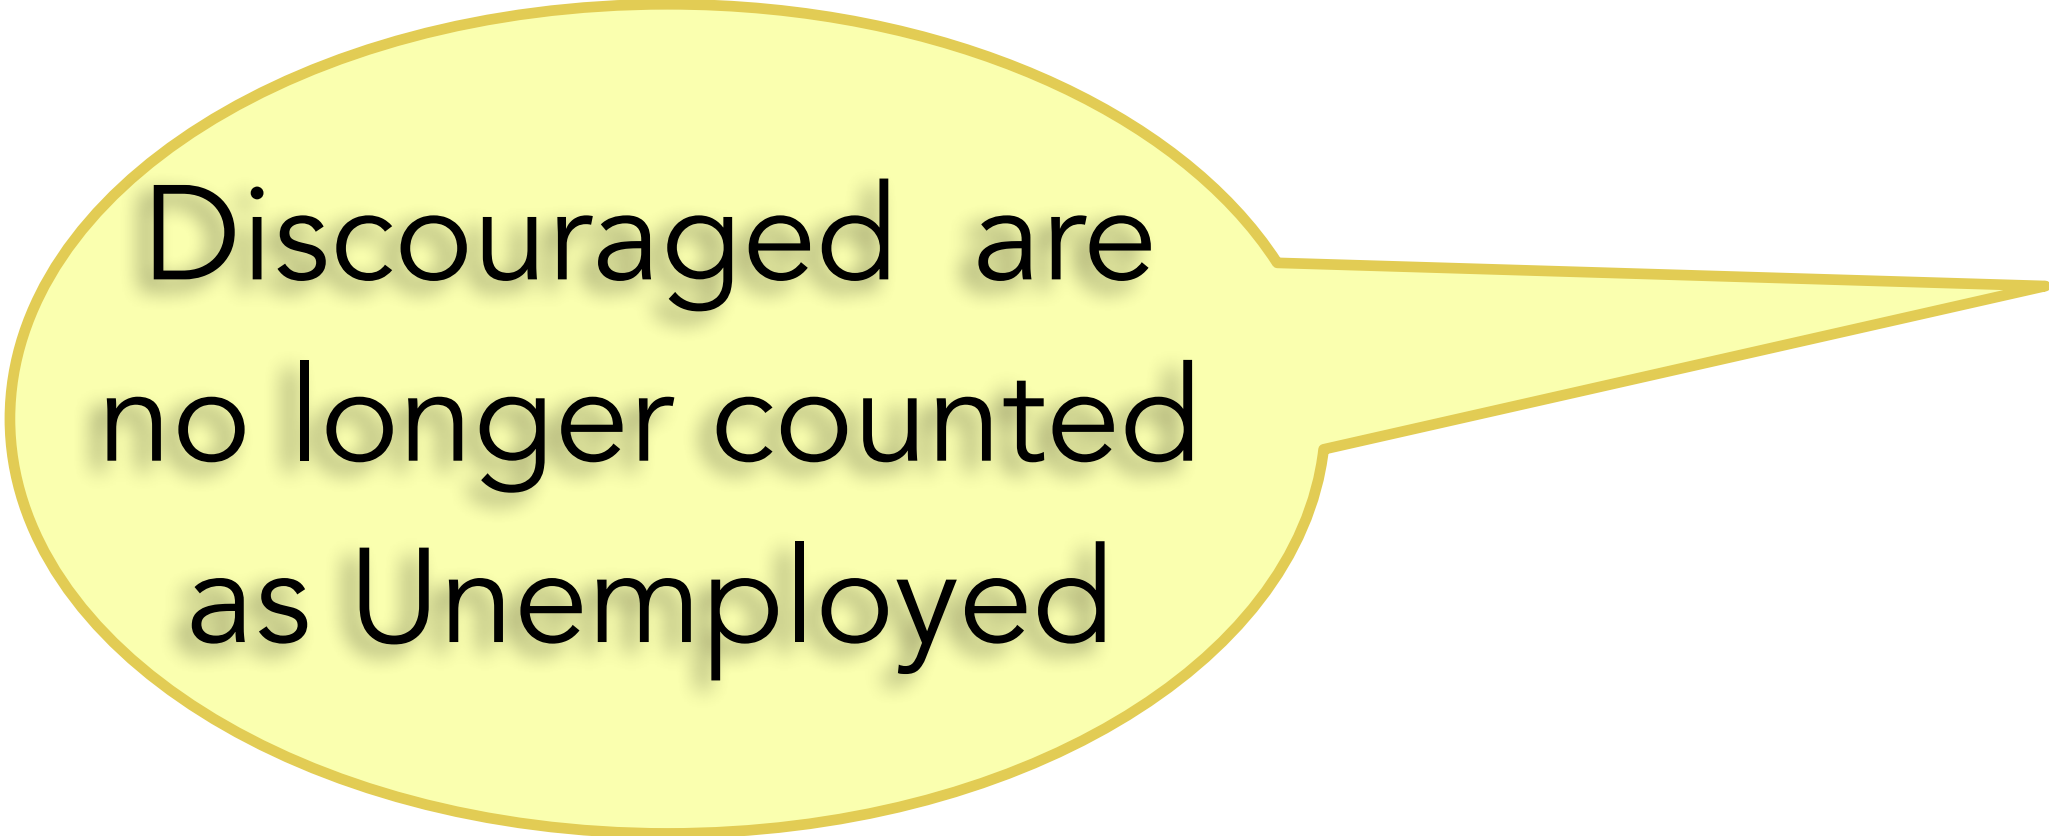

- They are **NOT** counted as unemployed because they are **not looking** for a job

- They **should** be included as unemployed because they are willing and able to work and would work if a job was available.

# 1. Discouraged Worker Effect

A **discouraged** worker is someone who after searching for too long, **gives up looking for a job**

- They are **NOT** counted as unemployed because they are **not looking** for a job
- They **should** be included as unemployed because they are willing and able to work and would work if a job was available.

Discouraged are  
no longer counted  
as Unemployed
