

The Average/Marginal Rule

$$\text{Average Product (AP)} = TP/L$$

$$TP = MP_1 + MP_2 + MP_3 + \dots$$

$$MP_1 + MP_2 + MP_3 + \dots$$

A

P

=

L

The Average/Marginal Rule

$$\text{Average Product (AP)} = \text{TP}/L$$

$$\text{TP} = \text{MP}_1 + \text{MP}_2 + \text{MP}_3 + \dots$$

$$\text{AP} = \frac{\text{MP}_1 + \text{MP}_2 + \text{MP}_3 + \dots}{L}$$

Suppose we have the **MP** for three workers:
