

Either way it was agreed that we could not afford to rely on an automatic adjustment mechanism any more...

Public opinion turned overwhelmingly in favor
of Government Intervention

Macroeconomics is born as the theory of **how**
to manage the Economy

There was great need for a "driver"

Either way it was agreed that we **could not afford to rely on** an automatic adjustment mechanism any more...

There was great need for a “driver”

Public opinion turned overwhelmingly **in favor of Government Intervention**

Macroeconomics is born as the theory of **how** to manage the Economy

From a “Hands Off Government” to
