# Market Price

QUANTITY Demanded (Cars)

\$90,000

0

# The Szekely's Demand for cars

**A movement Along**

Buy more  
as the  
price  
drops

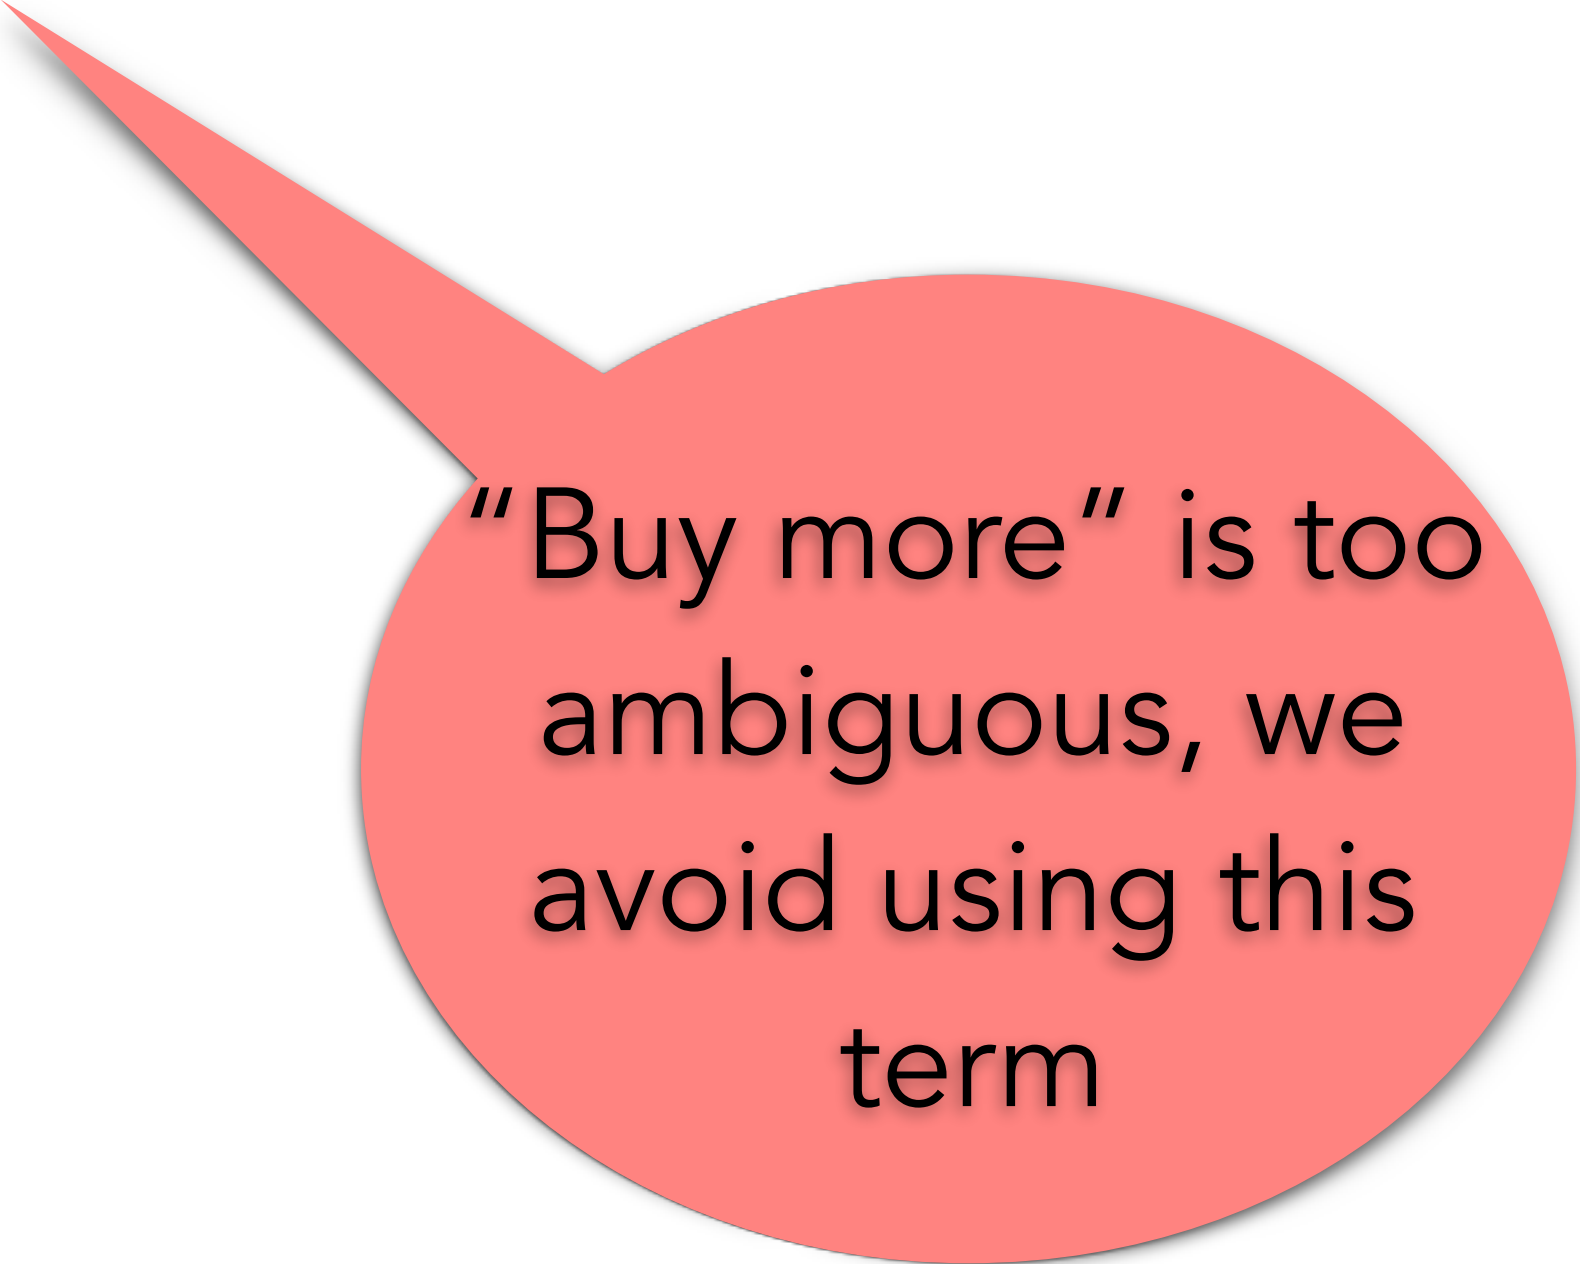

Quantity  
Demanded  
increases

"Buy more" is too  
ambiguous, we  
avoid using this  
term

An increase in  
Quantity Demanded  
is represented by a  
movement along  
Demand

# Most Demand Curves

Slope DOWN to the right

An increase in Quantity Demanded is represented by a movement along Demand
