

Currency

+ Deposits

i

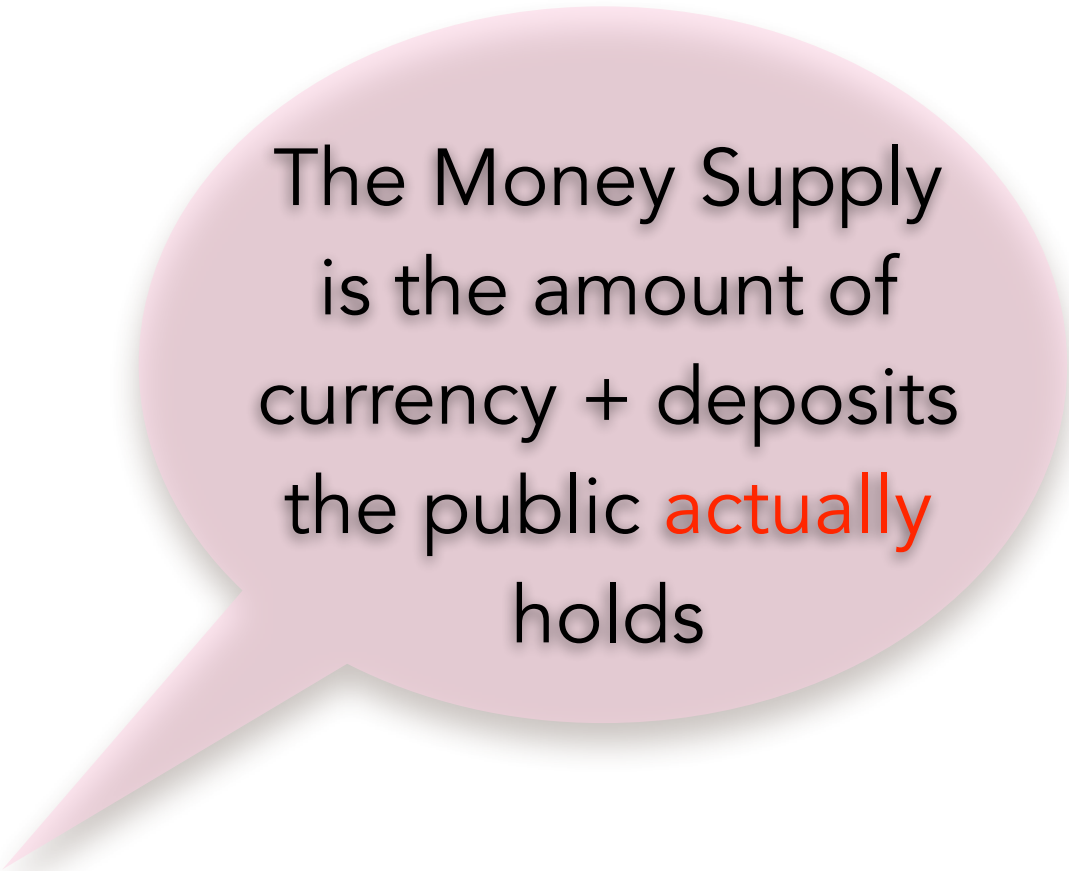

$$M^d = 500$$

$$M^d(P_0, GDP, P_0)$$

*i*₀

i_1

A pink speech bubble with a tail pointing towards the bottom-left corner. Inside the bubble is text defining the money supply.

The Money Supply
is the amount of
currency + deposits
the public **actually**
holds

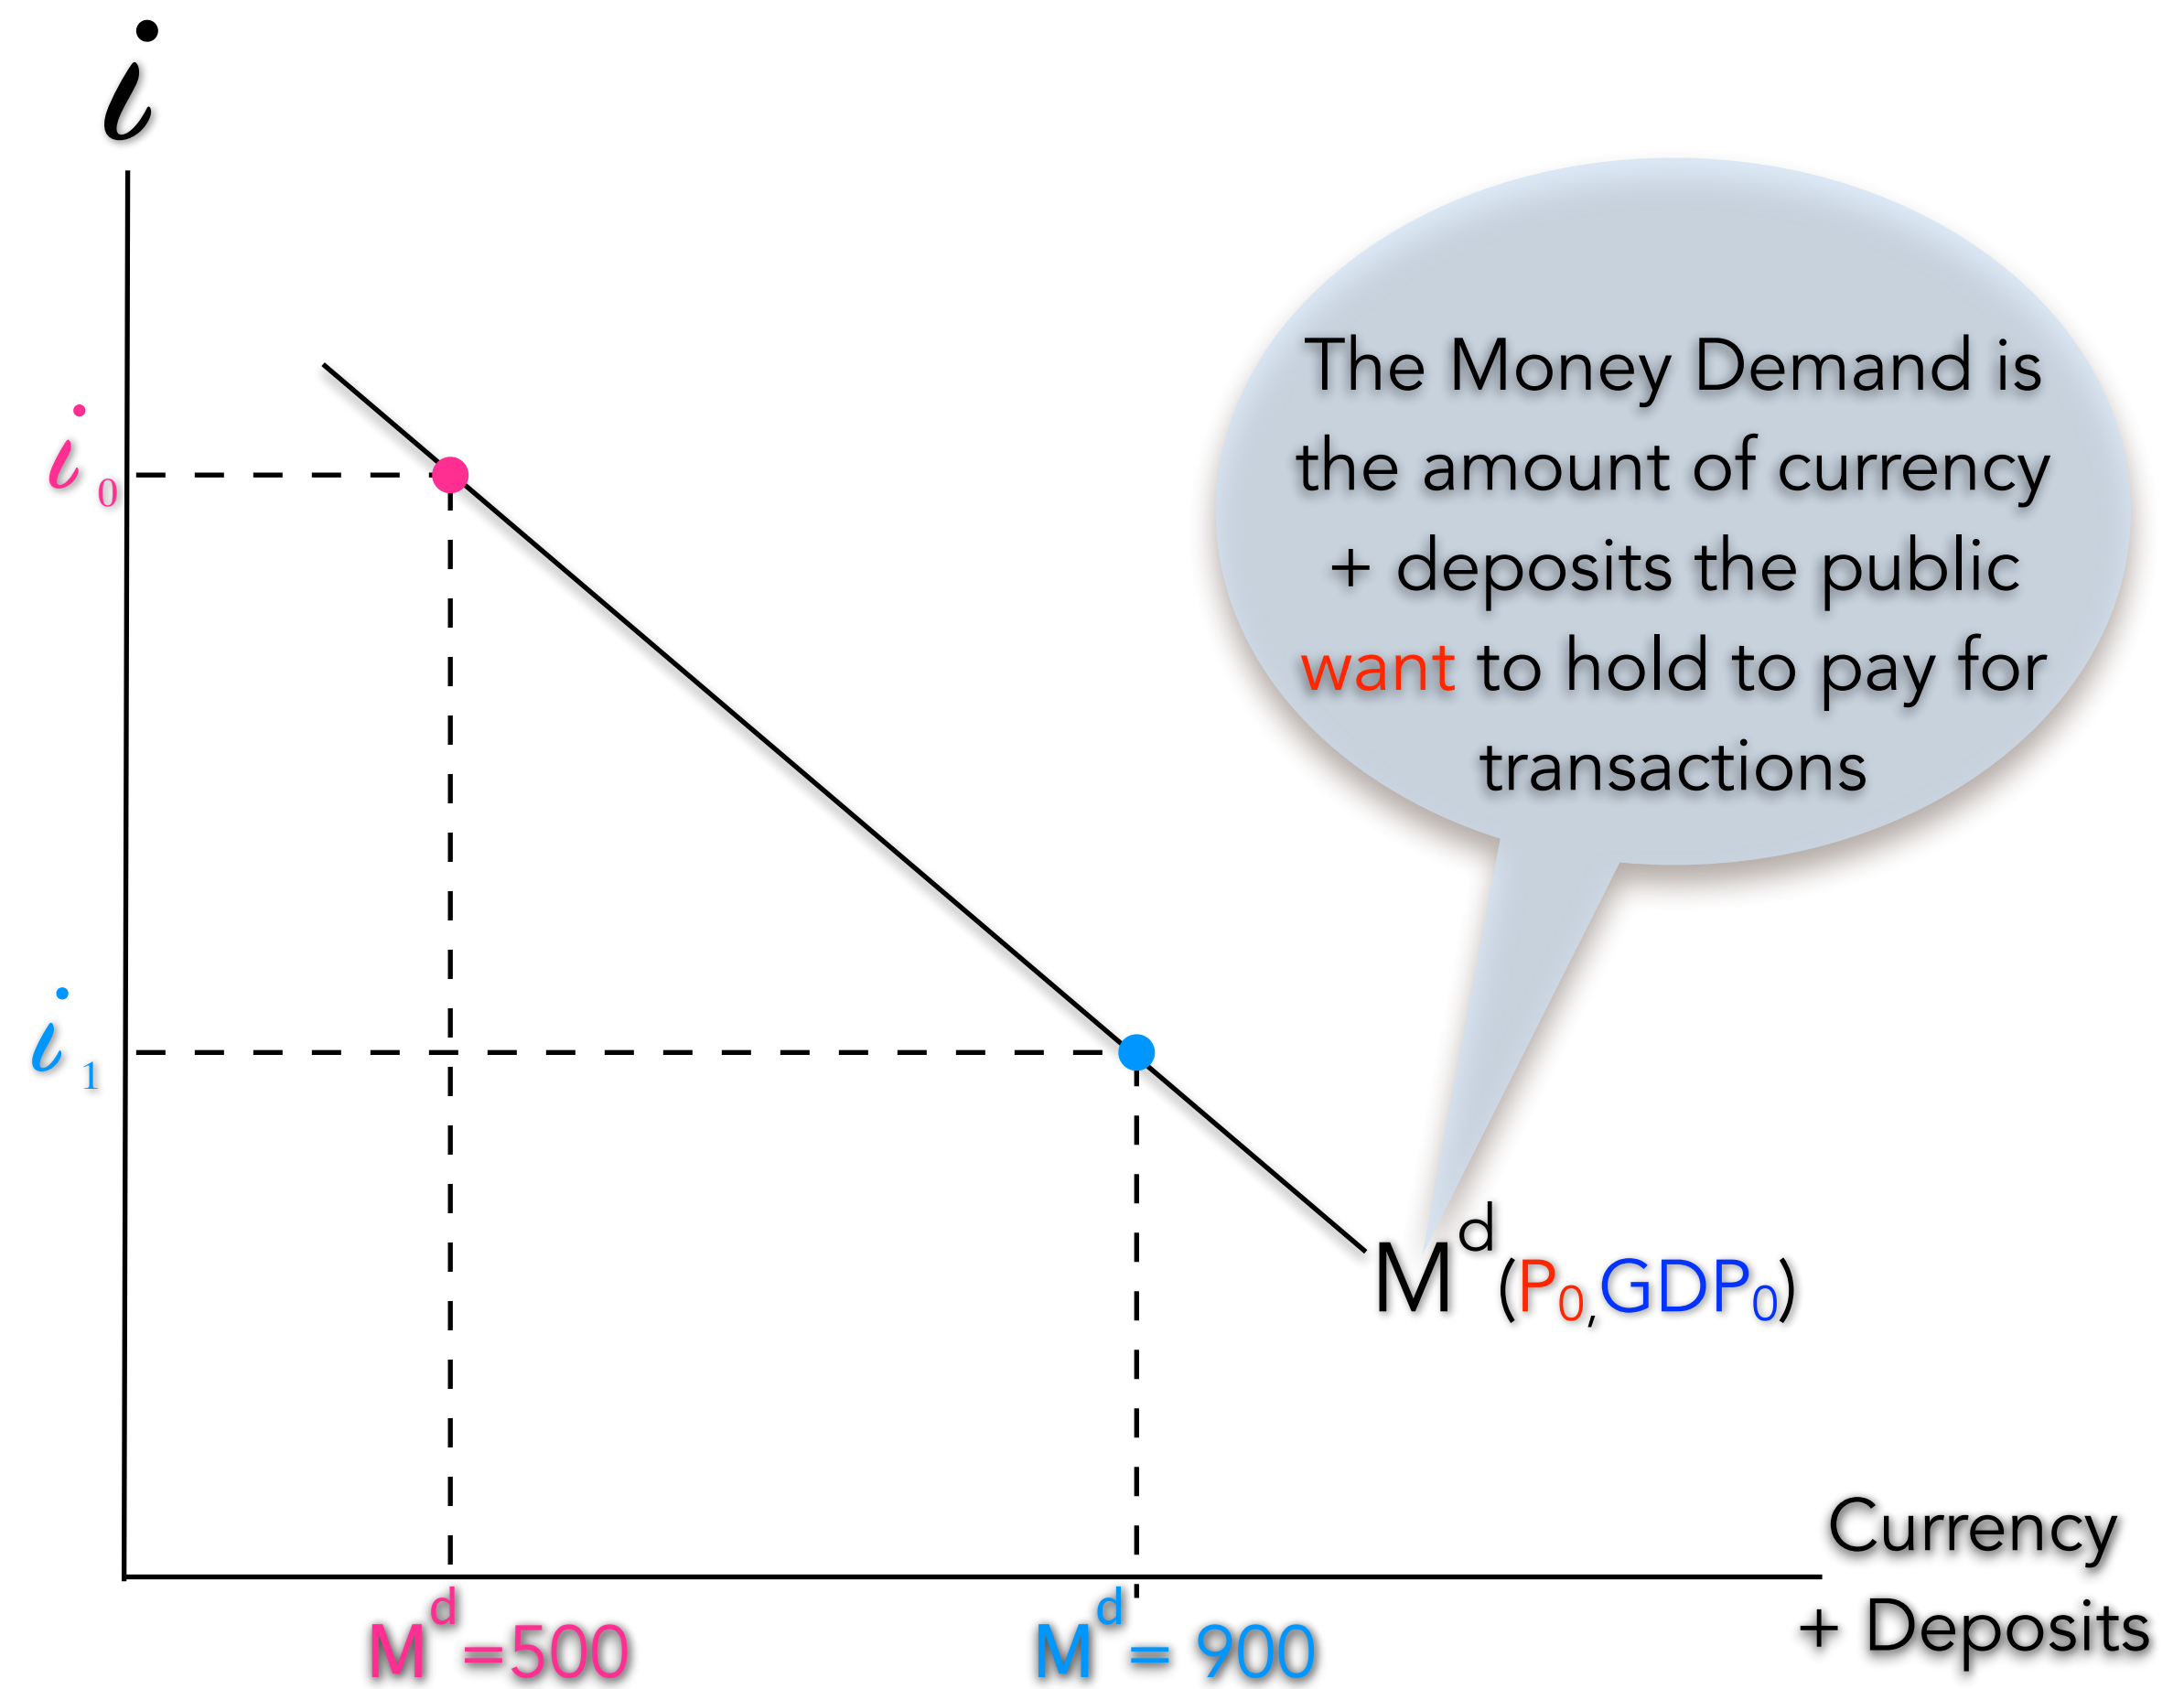

The Money Demand is
the amount of currency
+ deposits the public
want to hold to pay for
transactions

Understanding the Supply and Demand for Money

Understanding the Supply and Demand for Money
