To produce goods and
services four factors are
needed

A close-up, high-angle shot of a large, disorganized pile of United States dollar bills. The bills are of various denominations, including \$50 and \$100. The \$50 bills feature the portrait of Ulysses S. Grant, while the \$100 bills feature Benjamin Franklin. The bills are scattered across the frame, overlapping each other in a chaotic manner. In the center of the image, a solid black rectangular box is superimposed, containing the word "Capital" in a large, white, sans-serif font. The lighting is even, highlighting the texture of the paper and the intricate details of the currency. The overall composition suggests a theme of wealth, finance, or economic power.
