Supply

Price

Quantity Supplied

There will be an increase
in production of gasoline
and an increase in supply
of all its by- products

When the price of a
complement in production
increase, (for example: an
increase in the price of
gasoline)

A rightward shift in supply of by-products

When the price of a complement in production increase, (for example: an increase in the price of gasoline)

There will be an increase in production of gasoline and an increase in supply of all its by-products
