

We **do not** use **Chained** CPI because the switch from
Traditional CPI to Chained CPI must be **voted** on...

Employers pay
larger increases
under the current
system

Employ~~ees~~ get larger
(undeserved) increases

Employers most definitely
vote "yes" to the change

Employees most definitely
vote "no" to the change

Traditional CPI
reports **higher**
inflation

We **do not** use **Chained** CPI because the switch from Traditional CPI to Chained CPI must be **voted** on...

Employers most definitely vote "**yes**" to the change

Traditional CPI reports **higher** inflation

Employees most definitely vote "**no**" to the change

Employ**ees** get larger (undeserved) increases

Employ**ers** pay larger increases under the current system

We **do not** calculate the CPI correctly: **New Goods Bias**
