

What distinguishes a **Capital** good from an **Intermediate** good is that after selling the final good, the producer **still has** the **depreciated** capital good while intermediate goods go entirely into the production of the Final Good

Steel

Is an Intermediate good
because it is entirely
included in the
refrigerator you buy

Is a **Capital** Good because
the manufacturer still
has the press after you
purchase the refrigerator

What distinguishes a **Capital** good from an **Intermediate** good is that after selling the final good, the producer **still has** the **depreciated** capital good while intermediate goods go entirely into the production of the Final Good
