In this exercise, you are given a set of observations collected
on **consumption expenditures** for different income values

We observed
that when income
was 4,500 Billion,

A blue speech bubble with a white background and a blue outline. The bubble has a tail pointing towards the bottom-left corner. Inside the bubble, the text "Consumers spent 3,875 Billion," is written in blue, sans-serif font, centered horizontally and arranged in three lines.

Consumers
spent 3,875
Billion,

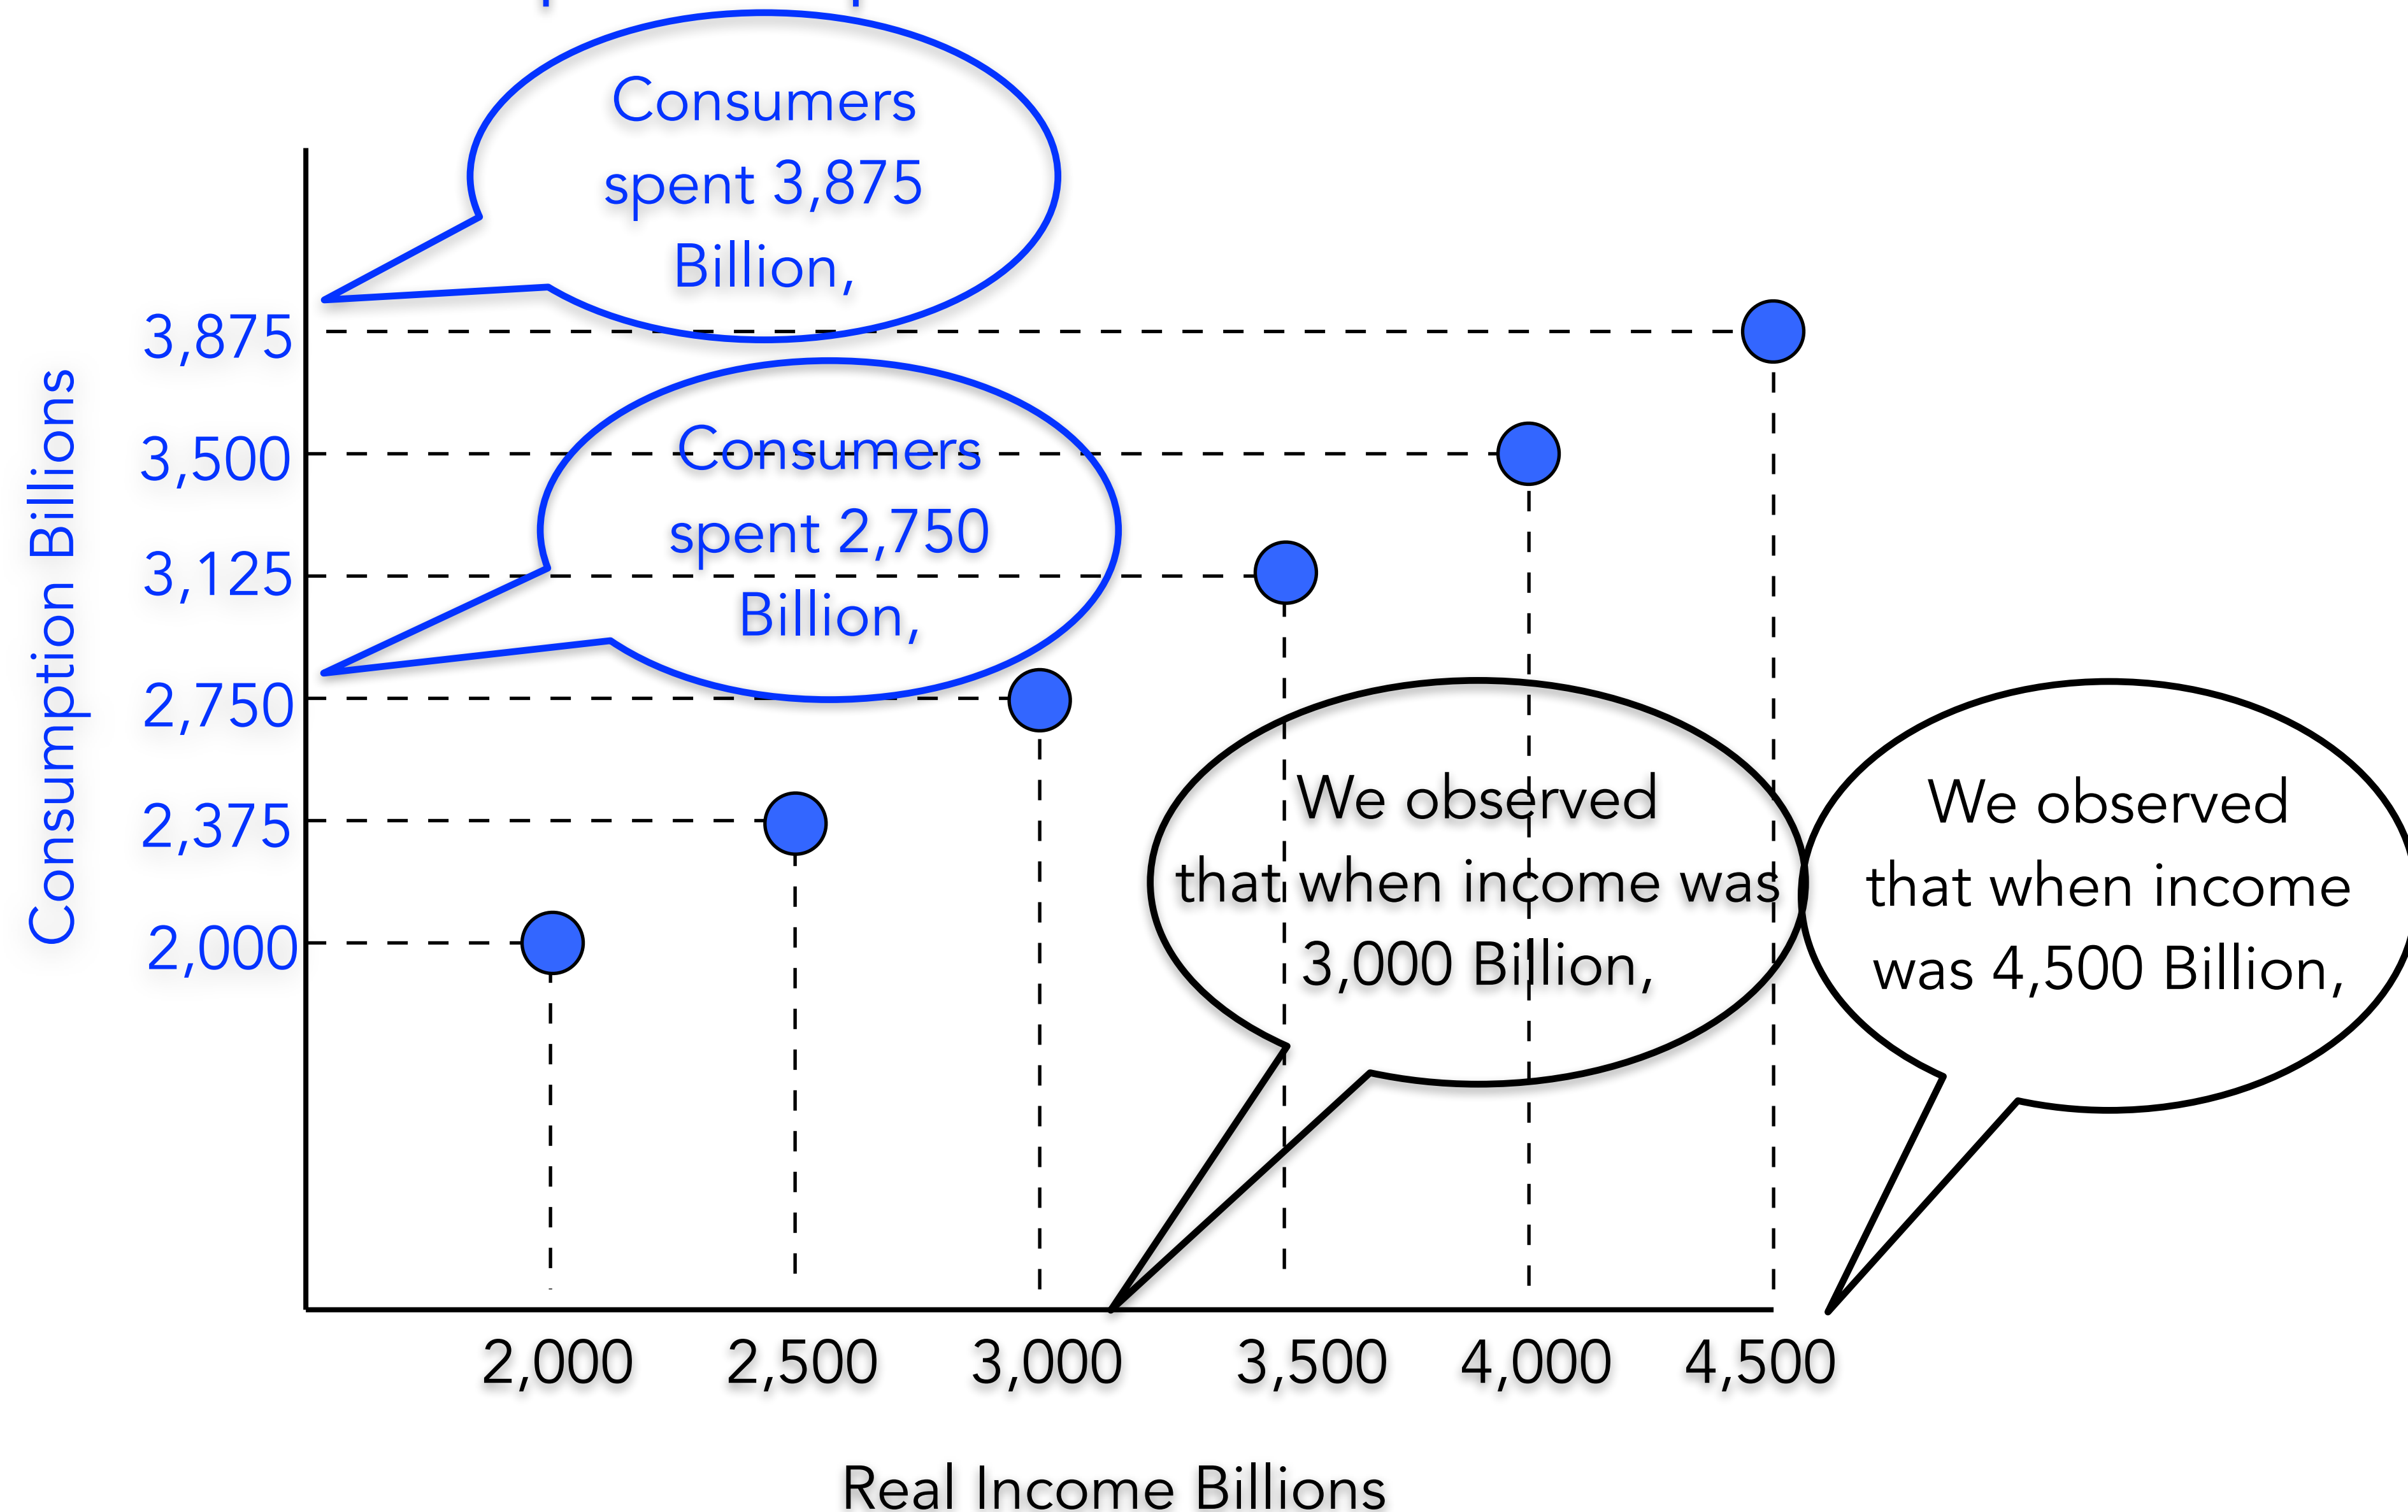

A black-outlined speech bubble with a tail pointing towards the bottom-left corner. The bubble is filled with white space and contains three lines of black text. The text is centered within the bubble and has a subtle drop shadow effect.

We observed
that when income was
3,000 Billion,

A blue speech bubble with a white background and a blue outline. The bubble has a tail pointing towards the bottom-left corner. Inside the bubble, the text "Consumers spent 2,750 Billion," is written in blue, centered horizontally and vertically.

Consumers
spent 2,750
Billion,

In this exercise, you are given a set of observations collected on **consumption expenditures** for different income values

These observations can be described with a line
