## Macroeconomics: Managing The Economy

#### To Manage the economy, the Government needs to know when the economy is going into a downturn...

#### 1. Is total production dropping?

#### 2. Is unemployment rising?

#### 3. Are prices falling?

#### To Manage the economy, we need to measure Production, Employment and Prices

# Macroeconomics: Managing The Economy

To Manage the economy, the Government needs to know when the economy is going into a downturn...

- 1. Is total production dropping?
- 2. Is unemployment rising?
- 3. Are prices falling?

To Manage the economy, we need to measure Production, Employment and Prices

### Macroeconomic Indicators

Production

Unemployment

Prices
